Welcome to the 2026 edition of

BEST OF CARE

The Best of Care guide is a directory of service providers in Southwest Michigan who provide care services, enrichment activities and community programs for older adults and adults with disabilities and their caregivers.

This guide is a valuable resource for families who are facing a changing dynamic as a loved one ages or experiences a disability and are in need of services to address changing circumstances. It also provides healthcare professionals with an excellent resource for referring clients to care providers for services they do not provide themselves.

The Best of Care Guide is divided into two main sections: an Index and a Directory. The first section is an Index of providers organized by service categories. Find the category of service you are looking for and a listing of providers follows, each with a corresponding page number. Then flip to the page number in the Directory of providers following the Index to learn more about that provider. Providers may be listed in multiple categories in the Index, however, they exist only once in the Directory. If you know what provider you are looking for, you can go directly to the Directory and find them alphabetically.

Milestone Senior Services is pleased to publish this directory of service providers. The businesses and organizations appearing in this directory have requested to be included; this does not represent a recommendation or endorsement from Milestone.

An electronic copy of this guide is available on Milestone Senior Services' website: www.MilestoneSeniorServices.org under the Resources menu.

www.MilestoneSeniorServices.org

Who We Are

For more than sixty years, Milestone Senior Services has been providing programming that supports older adults and adults with disabilities in living independently at home.

Milestone provides a variety of services that address wellness and safety concerns to support whatever level of independence our participants are comfortable with. The services we provide directly impact whether people are able to remain living at home or are forced to relocate to a nursing facility.

We believe that people thrive when they can remain connected to their family, friends, and the cultural communities they identify with.

Nutrition Services

- **Home Delivered Meals** (Meals on Wheels) to older adults and adults with disabilities who are not able to access adequate nutrition for themselves.
- **Paid Meal Service** provides the same service for those who do not qualify for grant-funded services.
- **Congregate Meals** are served in centralized dining centers to provide an opportunity for social interaction for older adults.

Home Repair & Accessibility

- Wide variety of **home repairs** to assist with home maintenance.
- **Safety assessments** and install **safety and accessibility modifications** to ensure that a home is safe and free of fall hazards.
- Accessibility **ramps** so that people with mobility disabilities can access their community.

Home-Based Care

- Through the **MI Choice Waiver** program, we serve adults who are Medicaid-eligible and require in-home care to remain living at home.
- **Personal Emergency Response Systems (PERS)** alerts emergency responders in the event of a fall or other emergency.

Behavioral Health & Wellness

- **Behavioral Health services** for individuals who are 55 or older and have been referred to us through Integrated Services of Kalamazoo.

Companionship Program

- **Companionship Program** matches volunteers with older adults to provide ongoing socialization and interaction.
- **AmeriCorps Senior Companion** Program volunteers 55 and older who income-qualify may receive a stipend for their service.

Volunteer Services

- We connect more than 300 people each year to **Volunteer** opportunities both at Milestone and throughout the community.
- **AmeriCorps Seniors RSVP** program, we connect volunteers who are 55 years of age and older to volunteer opportunities.
